

NORTHWEST FLORIDA
STIMULUS COALITION BAILOUT
"Helping jump-start our Economy"

October 12th, 2009

Only a small portion of the Nation's stimulus money has been accepted by the designated individual Corporations, private businesses and State/Local municipalities. The undeclared funds have been Approved for distribution to private citizens all over the Country. The Northwest Florida Stimulus Coalition has been developed to distribute these funds to private citizens in the Northwest Florida area.

In order to receive the stimulus funds, you must call (850) 215-6810 and speak with a customer representative to schedule an appointment. If you should reach our answering machine please listen carefully to the instructions given to you. The individual recipient will be the only person allowed to receive the funding. Receipts that do not receive the funds on the scheduled date will be removed from the eligibility list and the funds will be redistributed.

The Northwest Florida Stimulus Coalition requests that all recipients spend their allotted funds in their communities in order to "Help Jump Start our Economy".

Due to an anticipated large recipient turn-out and in order to keep the process moving efficiently, we suggest that only the recipient of the check be in attendance. Please make sure to bring this letter along with your confirmation number for your appointment. Please see this [link](#) for map of location of our facility.

Sincerely,

President

Harold Gilespie

Northwest Florida Stimulus Coalition
