U. S. 90 East

Dear Lynda,

It has come to my attention there are questions surrounding the insurance compensation provided to the commissioners. There seems to be some question about how this was enacted and if it was handled properly.

I was not part of the budget process in 2006, and do not know the "rules" that govern this type of thing. I assumed then, as I do now that it was a human resources matter and that it was handled correctly.

What I do know is that I prize my good name and integrity second only to my children and grandchildren, and cannot have anyone or group questioning my honesty. I believe I must hold myself to a higher standard than any employee or citizen. The people of Walton County have put their faith in me, and I will not betray that trust.

Therefore I am requesting that you stop all insurance payments involving my family.

Your assistance in this matter is greatly appreciated.

Sincerely,

Sara Comander
